2013s 'Youth Academy' – U7 for the 2019-20 season

Thanks for attending the tryouts. We truly appreciate you taking a look at our club. Here is some info that you will hopefully find important.

When are the tryouts and do we have to attend them all?

All of the dates are listed on the SC del Sol website. You do not have to attend them all, but we strongly recommend that you attend as many as possible.

Do we have to wear the same T-shirt at tryouts?

Yes, you do. The T-shirt has your number on it which identifies you throughout the tryout process.

When are the teams announced?

We do not cut players at this age. All players who try out have a place at SC del Sol next season. Players will practice together and be divided into teams on weekends.

What will the cost be for the season?

The registration fee is **\$250**. In addition to this, the training fee is **\$550**. SC del Sol is one of the few clubs that pays all ASA individual player registration costs and also pays all ASA league and referee fees. The fee also covers all professional training/coaching costs, field rental costs, futsal, and sports performance training. All players also have to pay team fees that cover tournaments and team expenses.

What are team fees?

Team fees are collected by the team. They cover tournaments, coach expenses, and any shared travel costs.

Capelli uniform costs:

\$295. This includes full game uniforms, warm-up, backpack, and practice gear.

When does the season start?

Pre season training will start early September and the season will run until the end of March. In April we have an annual, free Spring Skills Clinic for all of the younger kids in the club that lasts 4 weeks.

How often do the U7s train and play?

They will train two times per week (one indoor futsal session September through December and outdoor sessions September through March) and will have a (4v4) game on the weekend. In addition, they will attend approx. 3 tournaments during the season.
